Tar Pit Traps, Long Ago

Today, except those with  
the important to do, at-  
tending to the night of New  
York dollar night club with  
the million dollar glass floor.  
The million dollar glass floor  
was new and was about  
to be done everything, except  
the charming personalities up-  
side down. The looking glass floor  
will be done.

Everything hence everything  
the written, said for done by  
the things will be cast aside, forgot-  
ten, and the things will be done  
the things will be done. The things  
will be done. The things will be  
done. The things will be done.

Things will not be forgotten. It  
is important, while earth  
the Italian scientists have dis-  
covered another of the missing elements,  
number sixty-one, in the scale of nine-  
ty substances that make up all  
visible creation.

The ignorance is shown thus: Of  
the 1,000,000,000 human beings living  
on earth, only 1,000,000,000 don't know  
that there are such chemical units as  
atoms. Not one human being in a  
million would name the elements that  
make up the world. And few know, looking  
at the incredible Los Angeles, that an  
element recently discovered, helium,  
is the light floating.

The prediction that children of the  
year 1,001,000 will know more than  
we do is not a prediction. It is a  
prediction. Knowledge is not a prediction.  
Knowledge is not a prediction. Knowledge  
is not a prediction. Knowledge is not a  
prediction. Knowledge is not a prediction.

GREAT Britain, always acting quick-  
ly, where trade is concerned, makes  
arrangements for recognition of Can-  
ada as a separate state, independent of  
Belgium. They have been shooting each  
other and everybody else including for-  
eigners with British among them. That  
makes no difference to Britain where  
business is concerned.

This country has not yet recognized  
Russia, and heaven knows when we  
will recognize China's new arrange-  
ments. Some of our boy financiers, who  
know only by hearsay that the world  
is a place and that nations go to war,  
and a big and foolish Chinese loan,  
which promptly died, as regards pri-  
vate interest. Our government will  
not allow that for years. Wise  
men say, "Never mind yesterday's  
news. What is tomorrow's news  
going to be?"

THIS earth has always had its excite-  
ments, disasters and woes.  
Thousands of centuries before men  
came to make trouble, animals of  
this world died in a strange jungle.  
At the Rancho La Brea, now part  
of Los Angeles, have been caught and  
preserved for all time such different  
animals as the imperial elephant, sabre-  
toothed tiger, giant ground sloth, ferret,  
carnivorous canids, and endless others. No  
number of years ago, it is said, so many  
different animals to the scientists' re-  
search. And that's appropriate. No  
number of years ago, it is said, so many  
different animals to the scientists' re-  
search.

UNTIL recently some old ladies in  
London were enormously rich. They  
were the two or three sharps of the  
London company that owned the

## Democrats Start Campaign to Seat Wilson

### LEADERS ASSAIL ILLEGALITY OF VARE ELECTION

Change in Tactics Provoked  
Over Constitutional Aspect  
of Question

LEGAL BATTLE CERTAIN  
Senator Norris Declares Wilson  
Failed To Get Vote in 44  
Philadelphia Districts

Washington, Nov. 9.—A militant  
campaign to seat William B. Wilson,  
Democrat, as the "legally elected"  
senator from Pennsylvania in the  
seventieth congress has been agreed upon  
by a group of national Democratic  
leaders, it was learned here today.  
The Democrats expect, and will get,  
the support of a majority of the Re-  
publican insurgents in all probability.  
The Democrats and insurgents can con-  
trol the seventieth congress whenever  
they get together.  
A week ago, the Democrats were  
talking only of denying a seat to Wil-  
son, or of expelling him after being  
seated, because of his expenditures  
in the Republican primary. If suc-  
cessful, this would create a vacancy which  
would eventually be filled by the ap-  
pointment of another Republican. But  
now, after reviewing the election, they  
plan to go after bigger game—the seat-  
ing of Wilson.  
Change Provoked  
The change in Democratic tactics is  
due in large measure to the controversy  
provoked over the constitutional aspects  
of the question.  
The constitution provides a senator  
may be denied his seat by a majority  
vote, but to expel him requires a two-  
thirds vote. Authorities on the con-  
stitution differ widely as to the proper  
procedure to be invoked against Vare.  
The Democrats, aided by the counsel  
of some of the Republican insurgents  
have decided to walk right around the  
ordinances made right around the  
senate as an ordinary contest and  
thus within the scope of the majority  
vote.

### CANTO CLUB TICKETS TO GO ON SALE AT MEETING

Concert Season Will Open with  
Thanksgiving Program  
Nov. 22

Tickets for a series of three con-  
certs to be given at the Star Auditori-  
um from time to time this year, by  
members of the Canto Club will be  
placed on sale in charge of W. E.  
O'Brien at a "pop" meeting of members  
of the club tonight at Hotel Harding.  
The "Thanksgiving program" will  
open the season Nov. 22 with Mrs. J.  
Malcolm Strellitz, mezzo-soprano, guest  
soloist. The second concert will be  
given Jan. 24, with Arthur Kraft,  
tenor, as guest soloist. The third  
concert will be given May 2, at  
which time the members of the Harding  
High School Boys' Glee Club will be  
given a series of three concerts.  
Members of the club are divided into  
two teams for the sale of tickets, plans  
having been made for the losing team  
to banquet the winners. Team cap-  
tains are R. L. Seibert and H. L. Ab-  
brecht, while the remainder of the club  
includes Ernest C. Carl, William  
Kierman, G. J. Bechtel, R. L. Seibert,

### JUDGE E. L. PORTERFIELD IS DEAD AT DELAWARE

Porterfield, federal prohibition director  
for Ohio and Michigan, died suddenly  
at the Jane M. Case Hospital here this  
afternoon. He had been ill of colic for  
one week.

### FIRST OF CONFERENCES HELD IN WHITE HOUSE

Washington, Nov. 9.—The first of a  
series of conferences with congressional  
leaders was held by President Coolidge  
around the White House luncheon  
table today.  
He invited seven Republican sen-  
ators: Smoot, Utah; Curtis, Kansas;  
Borah, Idaho; Johnson, California;  
Reed, Pennsylvania; McNary, Oregon;  
and Dicken, Illinois.  
It was understood the president  
planned to discuss particularly his pro-  
posal for a 12 1/2 per cent. tax rebate.

### FINDS APPLES AND BLOOMS ON TREE

Mrs. Henry Winter, 217 S.  
Grand-av., today picked a bushel  
of apples and a handful of blossoms  
from the same tree, located in  
the garden at the rear of her  
house.  
The tree presents an unusual  
appearance, blossoms and large  
ripe apples appearing on all  
branches. The tree is of the winter  
apple variety.

### PLAN DIVISION FOR INSPECTION OF BUILDINGS

City Council Makes First Move  
To Establish New De-  
partment

ORDINANCES READ  
Office Would Tend To Reduce  
City's Fire Hazards,  
Claim

A movement to establish the office  
of Building Inspector empowered to en-  
force rigid rules relating to all classes  
of construction work, which has been  
advocated for years by many local citi-  
zens and officials, was launched Monday  
night at the semi-monthly meeting of  
City Council.  
Three ordinances, one creating the  
office of building inspector, another  
stipulating regulations for the construc-  
tion of chimneys and fireplaces, and a  
third outlining requirements for elec-  
trical wiring, were given first readings  
before Council and held over for further  
consideration.  
It is the desire of Council members  
that Monday night, to get an ex-  
pression of public opinion on the propo-  
sals before taking final action.  
Proposed by Cuthers  
The ordinances were prepared and  
presented by City Engineer T. S. Cuthers  
after having received full approval  
and endorsement from Fire Chief T. J.  
McFarland. In assembling his material  
for the proposed legislation, Engineer  
Cuthers consulted Chief McFarland, of-  
ficials of the State Department of  
Building Inspection, a number of local  
electricians and the heads of the C. & D.  
& M. Lighting department.  
The office of building inspector, with  
powers similar to those designated in  
the ordinances introduced Monday  
night, should have been created 10  
years ago, Mr. Cuthers informed Council  
in urging thorough consideration of  
his proposals.  
The building inspector, according to  
provisions of the proposed ordinance,

### MARSHAL PREPARES TO TAKE RUSSELL TO PEN

Notorious Whisky Scandal  
Reaches Climax; Convicted  
Men Lose Appeal

Cleveland, Nov. 9.—The notorious  
Hayner Distillery scandal, in which 90-  
000 cases of medical whisky was dis-  
covered for illegal consumption, reached  
a climax here today when United  
States Marshal George Stauffer pre-  
pared to take Joshua E. Russell, and  
two associates, to the Atlanta prison.  
Russell, former prohibition director  
of Ohio, his clerk, Merle B. Copeland,  
and Warren E. Barnett, a Copeland  
attorney, are to serve two years each  
for participation in the alleged con-  
spiracy. Russell also was fined \$7,500  
and Copeland \$2,500.  
The convicted men recently lost their  
appeal to the United States Supreme  
Court and their incarceration was or-  
dered. The government alleged that  
Russell was instrumental in allowing  
the liquor to be removed from bonded  
warehouses and sold through drug-  
stores.  
The men who succeeded in breaking  
out of the prison yesterday were all  
members of what is known as the "first  
B group," unruly prisoners who bore  
bad reputations, some of whom had  
made attempts to escape before.  
Warden Thomas did not make an  
official statement early this morning,  
but declared he could not utter any  
blame on the guards on duty at the time  
or any other attaches of the prison.  
Had Guns, Belief  
"We believe the men had two or three  
guns besides the knives and clubs  
flourished by some of them," he said.  
"It is a bare possibility someone in  
the crowd of visitors smuggled in guns  
and in the rush passed the weapons to  
the prisoners. That must be in-  
vestigated."  
The break came shortly after the 2  
o'clock hour had passed. Thirty-  
five visitors had paid their admission  
and were grouped in the big vestibule.  
At the first of the outsiders walked  
through the gate, the 13 prisoners  
sprang to the gate.  
Visitors were hurled aside. Guard  
Captain Bennett fell, clutched. Guard  
Callahan was attacked and fell before  
the onslaught. The rushing prisoners

### OFFICERS OF NEW ROAD APPROVED BY COMMISSION

Washington, Nov. 9.—Officers and  
directors of the new Chesapeake &  
Hocking Railroad, to be constructed  
between Gregg and Valley Crossing,  
Ohio, and which is expected to form  
eventually a link in the proposed Van  
Swearingen railroad merger, were ap-  
proved today by the Interstate Com-  
merce Commission as follows: Henry  
Lehner, assistant secretary; William  
N. Cott, assistant treasurer; William  
Michel, chief engineer, and O. P. Van  
Swearingen, George Cole Scott, Otto  
Miller, W. J. Loderbach, George T.  
Bishop and William J. Harahan, di-  
rectors.

### Rules Violation Blamed by Warden P.E. Thomas for Break at Penitentiary

Crowded Condition of Prison Also Partly Responsible, He Adds;  
Twelve of 13 Prisoners Back in Their Cells After Few  
Hours of Harassed Freedom

Columbus, Nov. 9.—Guard  
George Bennett was responsible  
for yesterday's break at the Ohio  
State Penitentiary. He was not  
intentionally responsible, but violated  
a rule of long standing in the  
institution by having both of the  
iron gates open at the same  
time while admitting visitors, giv-  
ing the 13 inmates who got away  
the opportunity they were evident-  
ly waiting for.  
Members of what is known as the "first

bad reputations, some of whom had  
made attempts to escape before.  
Warden Thomas did not make an  
official statement early this morning,

### Housekeeper Says Taft Best-Natured, Wilson Kindest, Harding Best-Dressed, But Coolidge Saves Most Money

White House, I never remember a  
cocktail served before dinner, but  
there was rarely a luncheon or  
dinner without champagne. Presi-  
dent Taft, however, was a tea-  
totaler.  
"President Taft liked every sort  
of food with the exception of eggs.  
He just naturally liked food—and  
lots of it. His great weakness  
was for hotbeef at breakfast.  
He wanted a thick, juicy, twelve-  
ounce steak nearly every morning.  
He would get up at 7 o'clock and  
for two hours had a workout with  
a trainer in his bedroom. I re-  
member Mrs. Taft saying:  
"To think of Will being so silly  
as to pay that trainer \$1,000 a year  
for punching him about!"  
Mrs. Jaffray also reveals there is  
a tragic bed in the White House,  
over which a hoodoo seems to hang.  
It is one of the twin beds used  
during the Taft administration.  
She writes:  
"On this bed Mrs. Taft lay for  
long months ill. During the next  
administration the first Mrs. Wil-  
son died in it. Mrs. Harding used  
the same bed for months was ill  
in it.  
"With the coming of the  
Coolidges this bed and its mate  
were sent to the rooms occupied by  
the Coolidge boys, and at little  
Colin Coolidge suffered the agonies  
of blood poisoning. He was re-  
moved from it only to die at Walter  
Reed hospital."

### COUNCIL PASSES ORDINANCE FOR REDISTRICTING

Plan Adopted Will Cost Least  
of All Those Presented,  
Claim

EFFECTIVE JAN. 1, 1927

Only Third and Fourth Wards  
Are Changed Under  
Plan

The redistricting ordinance, dividing  
Marion into six wards to replace the  
present four-ward arrangement, was  
adopted by City Council at its semi-  
monthly meeting Monday night and will  
become effective Jan. 1, 1927. Under  
the new arrangement, two additional  
councilmen will be nominated and  
elected next year, giving the city a  
legislative body of nine members.  
The First and Second wards will re-  
main unchanged, with Center and Main-  
streets as the dividing lines. This will do  
away with the necessity of rearranging  
voting precincts in these two wards and  
comparatively few changes will be re-  
quired in the four wards to be located  
south of Center-st. This circumstance,  
it is stated, had much to do with the  
decision of Council in adopting the  
plan embodied in the ordinance adopted  
last night.  
Work Simplified  
The task of the County Board of  
elections in fixing the boundaries of  
new precincts will be greatly simplified  
and expense kept at a minimum. It is  
stated, had plans originally proposed  
for the redistricting been adopted, city  
officials say, the expense of establish-  
ing changes in the voting precincts  
would have totaled \$2,000 or more.  
Whenever such changes are proposed,  
publication of legal notices is required  
and hearings must be held to give  
voters an opportunity to file protests.  
The chief heads of the new arrange-  
ment of wards, however, is the fact that  
most of the city's increase in population  
has been south of Center-st. and that  
all indications point to continued ex-  
pansion in the same section. It was  
after consideration of this condition  
that Council decided to establish four  
wards south of Center-st. and to leave  
the First and Second Wards on the  
North Side unchanged.  
Divisions  
The redistricting ordinance divides  
the present Third and Fourth Wards,  
occupying all of the territory south of  
Center-st. into the new four-ward ar-  
rangement as follows:  
Third Ward: Begins at the Intersec-  
tion

### CITY GARBAGE OFFICE OPERATING ON PROFIT

Department Able to Purchase  
Truck from Its  
Earnings

The city of Marion has one municipal  
department which is operating on a  
profit-paying basis, it was revealed at  
the semi-monthly meeting of City Coun-  
cil, Monday night, when an ordinance  
was adopted authorizing the purchase  
of a truck for the garbage collection  
service.  
The truck will be bought from the  
funds accumulated in the city treas-  
ury as a result of operation of the  
garbage department, it was announced.  
O. A. Benedict, director of public ser-  
vices, who supervises the garbage col-  
lection, claims that the business of this  
department is increasing rapidly, and  
300 new customers having been added to  
the list since Jan. 1. It is because of  
this added call for service that the pur-  
chase of a new truck became necessary.  
It will be of one-ton capacity and is ex-  
pected to be a valuable addition to the  
present garbage collection equipment,  
consisting of four trailers, two trucks  
and four wagons.  
Garbage collection was taken over by  
the municipal department a year ago  
last April and the list of customers now  
totals 2455.

### WOMAN, 62, WEDS MARYSVILLE MAN, 80

Marysville, Nov. 4.—A quiet  
wedding was solemnized at the  
Methodist parsonage in this city  
by Rev. C. C. Kennedy, pastor of the  
Methodist Church, when Mrs.  
Flora Cox, 62, of Milford Center,  
was united in marriage to Jeff L.  
Richey, 80, of Marysville.  
The groom is a Civil War vet-  
eran and member of the G. A. R.  
of this city. He also holds the  
position of pension agent of Union  
County. They will live in Marys-  
ville.  
After the ceremony a wedding  
dinner was served at the home of  
the bride in Milford Center.

### WAX EFFIGY OF MRS. MILLS TO BE EXHIBITED

Prosecutor Simpson Springs  
Another Surprise in Hall-  
Mills Murder Trial

SHOWS SLASHED THROAT

Action Expected To Be One of  
Most Unusual Disclosures  
Ever Made in Court

Courthouse, Somerville, N. J., Nov. 9.  
—A wax effigy of the late Mrs. Eleanor  
Mills will be dragged into the courtroom  
in the Hall-Mills murder trial this  
afternoon or tomorrow, before the eyes  
of the complacent defendants, Mrs.  
Frances Stevens Hall and her two  
brothers, Henry and Willie Stevens. It  
was learned today in the defense law-  
yers were centering a savage cross-  
examination on two fingerprint experts.  
It is to be the ever spectacular Pro-  
secutor Alexander Simpson's newest sur-  
prise move.  
The announcement that the wax  
effigy of Mrs. Mills would be introduced  
as a courtroom exhibit, was made by  
Chief of Detectives Patrick Hayes, of  
Jersey City, one of Simpson's chief in-  
vestigators.  
The effigy purports to show how the  
whole finger's throat was cut. In a  
glass case, the throat of the dead woman  
will be exhibited to the jury in wax  
form. It will be one of the strangest  
exhibits ever shown at a murder trial.  
To Test Nerves  
It is expected to afford a severe test  
to the nerves of the defendants, par-  
ticularly Mrs. Hall, whose view was  
blocked by her lawyer the other day  
when they brought in the effects of her  
sister's husband and his pawnshop.  
The defense centered all its guns this  
morning on two fingerprints, Joseph A.  
Farrut, of the New York police depart-  
ment, one of the outstanding fingerprint  
experts of the country, and Edward E.  
Schwartz, fingerprint expert of Newark,  
N. J., were recalled to the witness stand  
and subjected to a heavy barrage of  
questions concerning their previous  
testimony. Both Farrut and Schwartz  
on exhibit 8-17, the professional card  
found near the bodies of the slain Rev.  
Edward W. Hall and Mrs. Mills, bore  
the fingerprints of Willie Stevens.  
Further assurance that the Armistice  
Day celebration to take place Thurs-  
day will be the largest since the close  
of the World War Nov. 11, 1918,  
is found in the announcement today  
that 22 local lodges and other organiza-  
tions have signalled their intention of  
participating in the parade which is to  
be an outstanding feature of the 27th  
program.  
This indicates that the number of  
parade entries is steadily increasing,  
the original list, announced several  
days ago, having contained the names  
of 27 organizations.  
The American Legion Committee in  
charge of the parade has invited other  
organizations to be added before Armis-  
tice day, as every effort has been made  
to emphasize the fact that this is to be  
a community celebration for all citi-  
zens and that no formal invitation is  
necessary for any persons who wish to  
take part.  
Wednesday night final arrangements  
for the event will be made at a meet-  
ing of Third-McGinnis Post, No. 102,  
of the American Legion. A letter urg-  
ing that all members be present to hear  
the plans outlined was mailed out early  
this week by officers of McGinnis Post.  
AMERICAN RANCHES ARE  
RAIDED BY 13 BANDITS  
Washington, Nov. 9.—Thirteen armed  
bandits raided two American ranches  
Saturday and Sunday near Copame  
Chihuahua, Mexico, American Consul  
McFarley reported to the State Depart-  
ment today.  
The ranches were owned by Ameri-  
cans named Fields and Kilpatrick. The  
bandits made away with horses and  
ranch equipment.  
Mexican federal troops are in pur-  
suit of the bandits.

### BRADLEY HAS CLOSE CALL ON CALEDONIA - RD

Radio Apparatus, Door Glass,  
Fender Demolished When  
Car Upsets

RESOURCEFULNESS WINS  
"Tireless Bud" Suffers Bruised  
Hip, but Continues To  
"Carry On"

BY GILMORE BIEBT

"Tireless Bud" Bradley almost came  
to an early and disastrous end early this  
morning in his 110-hour non-stop driv-  
ing attempt on the Caledonia-rd-al-  
most.  
When the driving near reported this  
morning at the Star office he presented  
a sight that was a decided contrast to  
his natty one last night when the  
Standard Six Buick Sedan creelingly  
made its way through a crowd of more  
than 2,500 persons in front of the Star  
office present to witness the start of his  
long drive.  
The artistically painted signs that  
adorned the body of the car, were  
struck and almost obliterated by last  
night's downpour. A glass in one of  
the rear doors was broken. The right  
front fender was smashed out of shape.  
The entire machine was splattered with  
mud and bits of road clinging tightly to  
the running boards.  
Bradley explained that there had  
been a scene enacted shortly after day-  
light five miles east of Marion that  
was not without its dramatic magnificence  
and that he was in a position where he  
had to bring into play every bit of his  
resourcefulness to make good on his  
agreement and keep the wheels of this  
car turning. Here's the story:  
Car Skids Suddenly  
"I was driving toward Marion  
at a moderate pace on the Caledonia-  
rd. The car skidded suddenly, plunged  
into the ditch, overturned and the  
wheels spun furiously in the air. Bradley  
received a bump on the hip, but was  
otherwise unharmed. He saw his wheels  
spinning and knew himself to be safe as  
far as the bet was concerned. A Buick  
gasoline truck came along and hooked  
a chain to the ditched car. A score of  
onlookers took hold of the sides and  
the machine was got onto the road with-  
out further mishap and Bradley made  
his way to Marion. He manipulated  
the wheels of the car in such manner  
that there was not a discernible pause

### THIRTY-TWO JUDGES TO BE IN ARMISTICE PARADE

Celebration Expected to Rival  
First Demonstration  
in 1918

Further assurance that the Armistice  
Day celebration to take place Thurs-  
day will be the largest since the close  
of the World War Nov. 11, 1918,  
is found in the announcement today  
that 22 local lodges and other organiza-  
tions have signalled their intention of  
participating in the parade which is to  
be an outstanding feature of the 27th  
program.  
This indicates that the number of  
parade entries is steadily increasing,  
the original list, announced several  
days ago, having contained the names  
of 27 organizations.  
The American Legion Committee in  
charge of the parade has invited other  
organizations to be added before Armis-  
tice day, as every effort has been made  
to emphasize the fact that this is to be  
a community celebration for all citi-  
zens and that no formal invitation is  
necessary for any persons who wish to  
take part.  
Wednesday night final arrangements  
for the event will be made at a meet-  
ing of Third-McGinnis Post, No. 102,  
of the American Legion. A letter urg-  
ing that all members be present to hear  
the plans outlined was mailed out early  
this week by officers of McGinnis Post.

### AMERICAN RANCHES ARE RAIDED BY 13 BANDITS

Washington, Nov. 9.—Thirteen armed  
bandits raided two American ranches  
Saturday and Sunday near Copame  
Chihuahua, Mexico, American Consul  
McFarley reported to the State Depart-  
ment today.  
The ranches were owned by Ameri-  
cans named Fields and Kilpatrick. The  
bandits made away with horses and  
ranch equipment.  
Mexican federal troops are in pur-  
suit of the bandits.

# Rodman Wanamaker to Give Christmas Dinner to Guards

## UNIT GUARDING HARDING TOMB TO BE HONORED

Commanding Officer and Friends of Members To Be Guests

Rodman Wanamaker, New York and Philadelphia multi-millionaire, will again be host to members of the 10th Infantry Guarding Tomb, detachment and their friends at a Christmas dinner in Hotel Harding ball-room on Christmas Day.

Arrangements for the dinner, the second that has been given members of the detachment by Mr. Wanamaker since the guard's establishment at the Harding tomb here, were completed today by Col. George H. Christian and Lieut. Walter Lee Sherkey, commanding officer of the guard.

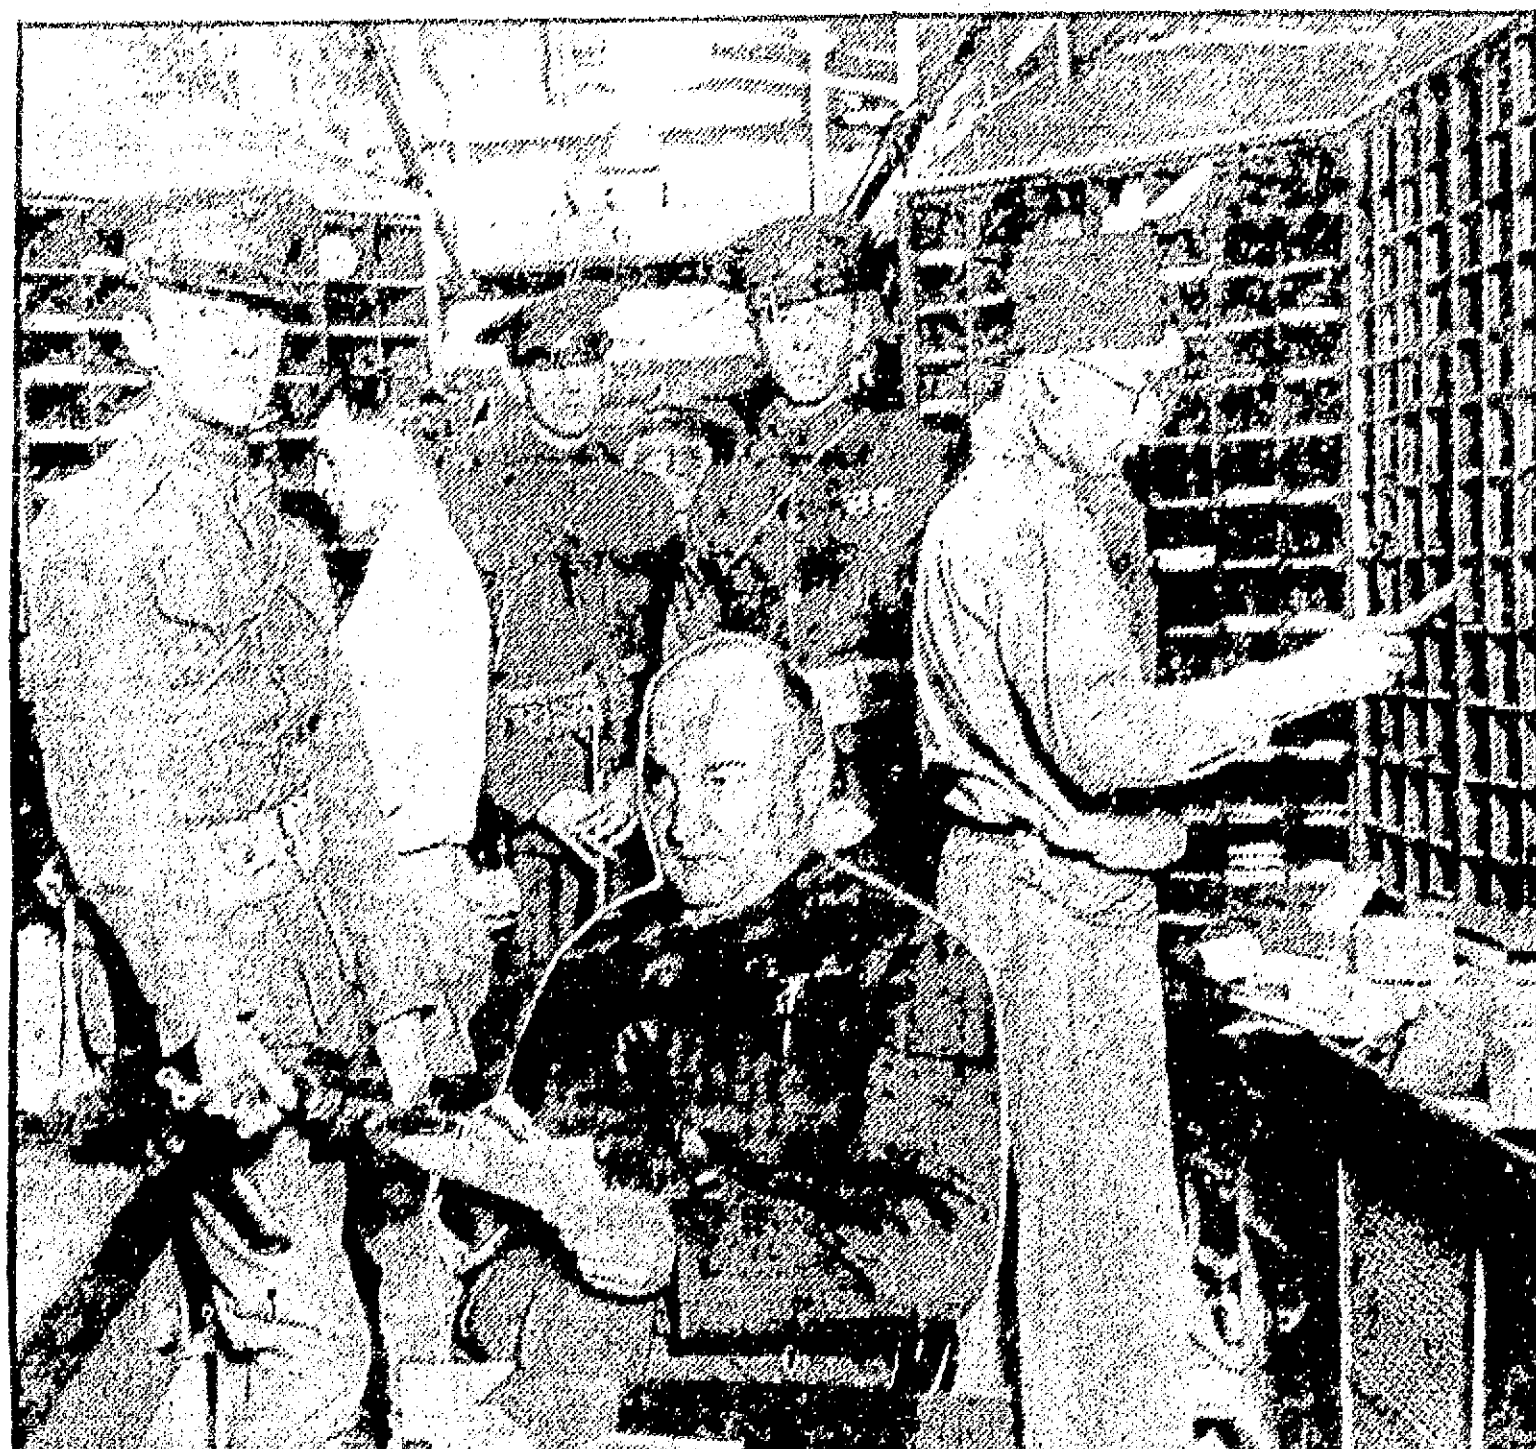

Instructions to arrange the dinner were received by Col. Christian from his son, George B. Christian, Jr., former secretary to President Warren G. Harding and now acting as secretary to Mr. Wanamaker.

While this will be the second dinner given by Mr. Wanamaker it is the fourth Christmas dinner given members of the detachment. The dinner on the first Christmas after the military unit was stationed here as military guard over the receiving vault containing the body of the president was given by Mrs. Harding at the Marion Club. Mr. Wanamaker gave the second.

Last Christmas day a special dinner was given members of the detachment by Mrs. Frank Thomas, who operates the Y. M. C. A. dining room where the detachment, in conjunction with Lieut. Sherkey, boards.

According to the letter of instruction received by Col. Christian nothing is to be spared in making the dinner this year a complete success. It is being given by Mr. Wanamaker, the commandment concluded, in recognition of the courteous treatment that has been accorded the thousands of tourists who have visited the tomb of President and Mrs. Harding.

## HERE'S UNCLE SAM'S REPLY TO MAIL BANDITS

Heavily armed marines guard the sorting of mail in postal car. Inset, Colonel L. M. Gulick, in charge of mails in eastern section of the United States, on the job at the general postoffice, New York City.

WASHINGTON, Nov. 8.—Uncle Sam is tired of being trampled on by mail bandits and he's going to do something about it. The recent \$100,000 mail truck holdup at Elizabethtown, N. J., in which one man was killed and two injured, was the straw that broke your Uncle Sam's back and there will be no more recurrences of that incident if he can help it.

The situation has been placed in the hands of the marines, and the "Devil Dogs" have never been known to fail yet. The government has authorized the use of 2,500

"leathernecks" to guard the mails in the various mail centers of the country, and they are prepared to take whatever action will be necessary in carrying out Uncle Sam's order to "protect the mails."

"Shoot first and ask questions afterward," is the order which has been given the marines, according to one of the officers in charge. Rifles, shot guns, pistols, automatics and other weapons are included in the equipment that has been sent along with the marines. So they are ready for real business and it won't do your health any good to be found

infiltrating around any of Uncle Sam's postoffices or mail trucks.

## EAGLES SOON TO START REMODELING CITY HALL

Municipal Court, Police and Prison Will Occupy First Floor

Work of remodeling and redecorating rooms on the first and second floor of the Eagle Building, W. Congress, to provide for changes, and additions to municipal offices going into effect Jan. 1 will be started within the next few weeks. It was stated at the semi-monthly meeting of the Council, Monday night, final plans will be mapped out by the committee to be held Friday night between J. C. Stevens, who is to supervise the work, and the building committee M. Connel.

Mr. Stevens was informed Monday night that the entire first floor of the municipal quarters will be used for the police department, city prison and new municipal court and that all other offices will be located on the second floor.

Few changes will be needed on the second floor, it was announced, due to the fact that the present C. J. A. M. offices provide almost an ideal arrangement for the municipal quarters. Likewise, changes will be needed on the first floor, however, and both the first and second floors are to be completely redecorated.

## ATTRACTED BY BOOKLET

Read of Other Women Who Found Health

Brooklyn, New York.—Mrs. O. Hegmann, of 35 Central Ave., was in a run-down condition and could not do her housework. She could not sleep at night. Her story is not an unusual one. Thousands of women find themselves in a similar condition at some time in their lives. "I found your advertisement in my letter box," wrote Mrs. Hegmann, "and took Lydia E. Pinkham's Vegetable Compound and got relief." Mrs. Hegmann also took Lydia E. Pinkham's Herb Medicine and Lydia E. Pinkham's Pills for Constipation, with good results. She says, "I am recommending your medicines to all I know who have symptoms the same as mine, and to others whom I think it will help. You may use my statement as a testimonial, and I will answer any letters sent to me by women who would like information regarding your medicines."

There are women in your state—perhaps in your town—who have written letters similar to this one telling how much Lydia E. Pinkham's Vegetable Compound has helped them.

# The Wages of Folly

WHEN Helen announced her engagement to Joe Ducey, every one agreed it was a "perfect match." With their wonderful plans for the future, they were as happy as could be.

Then Philip Merton, an old school-mate of Joe's, arrived. Helen was instantly conscious of the good looks and fascinating manner of the stranger—and she often wondered what there was about him that attracted her so. And as the days passed, she found a strange transformation taking place within herself—a strange willingness to slip away for long drives with Philip—secret adventures which she thought of as innocent fun.

Then suddenly she found herself whirled into a drama of smashing events the like of which she had never dreamed.

Helen's story, "The Wages of Folly," appears in December True Story Magazine. It not only shows the difference between real love and the cheap imitation, but it will grip your interest and pull at your heartstrings as only a story of real life can do. Don't miss it!

**Other Thrilling Features in December True Story are:**

"The Uncertain Road"—Left an orphan, while still a young girl, to grope her way through life

alone, unguided by the loving counsel of those older and wiser than herself, it is not strange, perhaps, that Betty made mistakes. But even then she might have escaped the crushing misfortune that came to her, if she had followed her own instincts, when she found herself in love with her employer. A heart-touching story every girl should read.

"Baby Fingers"—Abandoned at the height of a storm on an open prairie by her worthless husband—left alone with her helpless baby—Nellie began a battle with the world that few young mothers would care to face. How she afterwards fought to protect herself and child against the wicked plotting of ruthless enemies is an epic of courage and mother-love that will thrill and inspire you, and fill your heart with tender sympathy.

**Worth While Reading**

If you will recall the stories that have interested and impressed you most, you will remember that they told of events that could, or really did, happen.

True Story Magazine goes not merely part of the way in its quest for such stories. To be acceptable, stories in this great publication have a meaning and a power for good that is not to be found in any other kind of magazine.

Every month you will find eighteen or twenty such stories in True Story Magazine—stories that dig below the crust of life and reveal the loves, sacrifices, struggles, triumphs and defeats of real people—the kind you see around you every day. Every issue is literally packed with thrilling, inspiring features. Your newsdealer has the December True Story. Buy it today.

## FINDLAY MAN FINDS EVERY

### CLOUD HAS SILVER LINING

Elmer Ziegler Regains His Health After Long Illness. Relieved by Teepee Herb Tonic.

For five years Elmer Ziegler, 1102 West Front St., Findlay, suffered with stomach trouble. He had been sick for nearly three years and was almost discouraged. But now he has a silver lining and his health is the darkest just before dawn.

Mr. Ziegler learned shortly after he began to use Teepee Herb Tonic. This is another instance in which a man has been relieved by this great Indian medicine after all other treatments had failed.

Mr. Ziegler says: "For five years I suffered with my stomach. I hadn't any appetite and what little I ate caused a bloated feeling. My food would not digest properly and this made me very nervous."

emergency calls. A resolution authorizing the purchase of Public Safety cars was adopted by City Council at its semi-monthly meeting Monday night after first consideration of the proposed ordinance that it might be defeated.

Two members of Council, John L. Owens and Ralph B. Good, voted against the proposed purchase when the ordinance came up for its first reading, but Good changed his vote after several city officials took the floor and explained that the Police Department is unable to function efficiently with its present motor equipment. Owens, however, stood against passage of the ordinance throughout all of the debating, believing that the two machines now in use should be repaired.

The car is not to cost more than \$1,800, according to the provisions of the ordinance. Another ordinance, authorizing transfer of \$1,800 from the general fund to the public safety fund to cover the amount of the purchase, was also adopted with Owens casting the only dissenting vote.

Dissenting Votes

After initial action on the proposal resulting in votes against it by Good and Owens, indicated that it would have to be carried over two weeks for a second reading. City Auditor J. L. Landis came forward with the first of a series of talks which saved the day for the Police Department. He said that he was the "daddy" of the proposal to purchase a new automobile.

His personal observations having convinced him that better motor equipment for the police is an absolute necessity for the protection of the city.

Mr. Landis said that he had ridden in both of the old police cars and found them to be absolutely unreliable and likely to break down at any time. The department has never owned a new automobile, the auditor stated, the Chrysler now in use being a car of ancient design that was confiscated following the arrest of a bootlegger and the other machine, an old Cadillac, having been obtained in trade for a Ford that had also been confiscated in a liquor case.

Machines Too Old

The Chrysler, Mr. Landis said, has a broken engine head and is beyond redemption and the Cadillac is also practically worn out, having been driven 40,000 miles before it came into the hands of the police department several years ago. Both cars, he declared, are "ready for the junk pile."

It would be impossible for police in either of the old cars to overtake a criminal traveling in the high-powered machines they almost invariably use, the City Auditor declared.

Mr. Owens indicated the reasons for having voted against the purchase of a new car when he inquired if the present equipment is "past overhauling." Mr. Landis answered that he had been informed by local automobile mechanics that it would be a waste of money to attempt reconditioning the old machines.

Mouser Talks

City Solicitor Mouser helped the proposition along with a brief talk in which he urged a favorable vote. He called attention to the fact that most of the money coming into the city's general fund results from fines levied against prisoners arrested by police.

"If you want the officers to continue making these arrests and to provide adequate protection for the city in running down law violators, you must buy them suitable equipment," the solicitor stated.

Following the arguments by Landis and Mouser, Councilman Mead moved that the proposal be reconsidered and its adoption followed.

## MAP TO BE USED IN PROSECUTION IN HALL-MILLS CASE

The state will introduce this map of New Brunswick, N. J., during the Hall-Mills trial in its attempt to prove its theory of the crime. Locations of the homes of the defendants, which are about two miles from De Russys Lane, the scene of the murders, are shown in the map. The lane is about seven and a half miles from North Plainfield. Two witnesses have testified they saw Willis Stevans, brother of Mrs. Hall and one of those charged with the murders, at North Plainfield on the night of the killing.

## Hall-Mills Trial Seems Like Play to Spectators

COURTROOM, Somerville, N. J., Nov. 9.—Tears turned on as if from a spigot—Smiles forced stolidly with the set ease of long practice—Sobs smothered audibly—Scowls suppressed gracefully—Poker-facing every natural emotional expression seems to be the chief weapon in battle for a triple conviction in the Hall-Mills murder case. Witnesses, one after another, put the reverse on their emotions, and set their most unnatural parts. It is not the strain of the trial that brings about this change—it is the atmosphere of theatrical stage management. If it was not for the dignity of the court and its two presiding judges, the spectator would imagine himself in a theatre, with applause or hisses expected any minute.

## COUNCIL CONTINUES ITS SIDEWALK IMPROVEMENT

Kenton-av Walk To Be Raised To Remedy Flooded Condition

City Council Monday night continued its program of sidewalk improvements by adopting a resolution authorizing the Department of Public Service to raise the walk on the north side of Kenton-av between the corporation line and the Erie railroad right-of-way to remedy a condition which was reported to be causing serious inconvenience to residents of that neighborhood.

Several weeks ago a similar resolution was adopted in connection with sidewalks on both sides of Henry-st and this improvement was recently completed.

Many of the sidewalks that have been in use for years throughout the city should be raised and repaired, reports to members of Council state. Water stands on the walks following rains, making them virtually unfit for use. The condition is especially menacing to the health of children who are forced to wade through water on their way to school, and it is chiefly because of this that the program of repairs has been launched, it was stated at Council meeting Monday evening.

Lack of funds prevents a complete overhauling of sidewalks throughout the city at this time, but it is expected that the work will be done gradually until all of the most serious conditions have been remedied.

Repair of the Kenton-av walk was ordered at the request of T. J. Mead, councilman from the Second Ward.

Failure to disconnect an electric iron left standing on an ironing board at the home of Mrs. M. E. Suback, in the rear of 235 S. State-st., resulted in a fire which did about \$100 damage. Monday night.

Awakening shortly after 3 o'clock this morning, Mrs. Suback found her home filled with smoke coming from the burning ironing board and clothing that had also been ignited. She sent in a call to fire station No. 1 and timely arrival of the department prevented a serious blaze.

Most of the \$100 damage resulted from clothing destroyed by the flames.

Central Press Photo  
Miss Francis Lavin  
The "queen of the red-heads" living in the southwestern part of the United States is Miss Francis Lavin, newspaperwoman of Wichita. She won her honors in a beauty show conducted at the annual Kansas National Livestock show. Twenty-four girls, all with red hair, from Kansas, Oklahoma, Colorado and Texas competed. Besides the honor, Miss Lavin won a diamond ring.

# State Delivers Six Telling Blows to Date in Baffling Hall-Mills Murder Trial

Thirty of 100 Subpoenaed Witnesses Heard to Date; Case  
Likely To Continue for at Least Two Weeks More;  
Experts Identify Fingerprints on Cards

Somerville, N. J., Nov. 9.—Six telling blows have been delivered by the state in the baffling Hall-Mills murder trial. It will be a week or 10 days before the state will have finished presentation of its case against the wealthy Mrs. Frances Stevens Hall and her two brothers, Willie and Henry Stevens, and not until that time will it be safe to predict whether or not the state's case is strong enough to warrant a conviction.

FIRST—The story of William "Greasy Vest" Garvin, former manager of the Burns Detective Agency in New York, Garvin swore that Ralph Garvin, vestigian in the slain Rev. Edward Wheeler Hall's church, came to him "conscience-stricken" three weeks after the slaying of the minister and his pretty choir singer, Mrs. Eleanor Mills, and told what he observed in Dr. Russell's lane on the night of Sept. 11, 1922. Garvin saw Henry Stevens, he said, in the lane and Stevens plucked a couple of shots at his feet, saying: "Get to hell out of here—this is none of your affair." Garvin, a married man, happened to be in the lane that night with a girl. Later he was taken to a lodge-room, he said, and warned to "keep his mouth shut."

SECOND—Robert Erling, a millwright, who on the fatal night four years ago was also in the "lovers' lane" with a girl, corroborated the story that has been told by Mrs. Jane Gibson, the state's star witness, to the effect that she was riding in the vicinity that night on her mule, "Jennie." Erling saw her as she passed his parked car. Mrs. Gibson is to be on the stand

THIRD—The story of Mr. and Mrs. John S. Dickson, who broke down Willie's house at 8:30 on the evening of the Stevens' alibi. The Dicksons said that Willie, greatly agitated, called at the murder, asking his way to the Parker house. Their home in North Plainfield is some 10 miles from Willie's home in New Brunswick. Willie claims he was in bed early on the night of the crime. How could he have been in the Dicksons are truthful witnesses.

FOURTH—Fingerprint experts identified the fingerprint on a card found lying near Dr. Hall's body as the fingerprint of Willie Stevens' left index finger.

# DEATH COMES TO PROMINENT MARION WOMAN

Mrs. M. T. Keiler Passes Away  
at E. Center-St Home  
Early Today

Mrs. Martha T. Keiler, widow of Jacob Keiler, one of the founders of Marion, died at 3:15 o'clock this morning at her home, 1864 E. Center st. Death followed an illness incidental to age. She had been remarkably active for one of her advanced years and until recently maintained a keen interest in church and social life. The sudden death of her stepson, Frank S. Keiler, Dec. 28, last year, was a shock from which Mrs. Keiler never recovered.

Mrs. Keiler was a lifelong resident of this city and her activities both in church and social circles won for her a wide circle of close friends and acquaintances among the young as well as older residents of Marion. She was born in this city Feb. 3, 1845, the daughter of William L. and Hannah Husby Kendrick, and spent her girlhood days as a teacher in the public schools of the city and county.

As Martha Kendrick she was married May 1, 1869 to James S. Elliott, whose death occurred in 1878. In June, 1881, she was married to Jacob Keiler, who died in 1901. Surviving are two sons, James L. Elliott of Columbus and Charles H. Elliott at home; one step-daughter, Mrs. Grace K. Rowe of Cleveland; four grandchildren and two great-grandchildren. Two sisters, Mrs. Alice M. Turner and Mrs. Mary H. Atherton, and one brother, George W. Kendrick, preceded her in death.

Mrs. Keiler was a member of Epworth M. E. Church and was actively interested in the work of the various auxiliaries of the church. She was a charter member of the Woman's Club, the oldest organized literary club of the city.

Funeral services will be conducted at 2 o'clock Thursday afternoon at Epworth M. E. Church. The pastor, Dr. B. L. George, will be assisted by Rev. Raymond W. Smiley, pastor of the First Presbyterian Church. Interment will be made in the Marion Cemetery.

Friends wishing to view the body may call at any time until 1:30 o'clock Thursday at the home. It is the request of the family that flowers be omitted.

NELSON FUNERAL TO BE  
CONDUCTED WEDNESDAY  
Funeral services for Mrs. Elmina G. Nelson, 75, of Morral, who died Sunday at State Hospital, Columbus, will be held at 1:30 o'clock Wednesday afternoon at the Primitive Baptist Church, of which she was a member, with Rev. Levi Hitt officiating. Burial will be made in the Grand Prairie Cemetery.

Mrs. Nelson was born near Tiffin, in 1858 the daughter of Harriet Goldsmith and Edwin Slout. She was married to William Nelson in Carey in 1870.

Surviving are two daughters, Mrs. Cora Wielek of Mt. Gilead, Mrs. F. O. Hille of Mineral City, and two sons, H. O. Nelson of Morral, and Oran Nelson of Mineral City.

# D. A. WEST FINED \$500 ON POSSESSION CHARGE

Colored Man Enters Plea of  
Guilty Before Mayor Earl  
Hazen

D. A. West, colored, arrested at a rooming house operated by him at 688 Hickling st. Saturday night on a charge of illegal possession of liquor, pleaded guilty before Mayor Earl Hazen.

West's fine was larger than the average in cases of this kind, due to the fact that when arrested he was armed with a .38 caliber pistol found hidden under his shirt.

"Liquor and a gun are a dangerous combination and that is why I thought that West's punishment should be more severe than ordinary," Mayor Hazen stated following the hearing.

West is well known throughout the city, having operated a garbage collection service here for years prior to the time that the municipal garbage collection department was established.

Improving  
But Nov. 9, 1933, Leader st., under... was an additional operation yesterday morning at City Hospital. His condition is reported good.

## GIRL RESERVES IN CONFERENCE WITH EXECUTIVE

Gallion Chapter To Send Delegation to District Convention, Dec. 18

Gallion, Nov. 9.—Miss Katherine Miller of Cleveland, state executive of the Girl Reserves, was in Gallion yesterday and met with the local organization. Many problems of the work were discussed and the officers of the G. R. S. club gave reports of the work that has been accomplished thus far this year.

Plans were also made for the district convention of this district which will be held atiffin on December 18th. At this time girls from four counties representing the associations of eleven high schools will meet to discuss the year's work. Gallion plans to send a large number of its members to this conference.

The Girl Reserve movement was new to Gallion last year but was given the hearty support of the representative girls of the school and under their guidance became a very active society. The members accomplished much for the school and assisted in the charity work of the city during the holiday season. Many social affairs were enjoyed, including a picturesque Martha Washington tea and a mothers' and daughters' banquet. The program committee arranged for the holiday season and gave several programs for the benefit of the county home. This excellent work of the Girl Reserve was given special mention at the Ohio state convention at Madison on the Lake, this summer. Although the youngest club represented, Gallion was one of the 10 organizations awarded 40 to receive a registered certificate as reward for service. G. R. S. is the only school so honored in this part of the state.

Although the majority of the charter members were lost when the class of 1926 graduated those who are left are carrying on the work in a commendable manner. Miss Ruth Winter, a senior and former president of the Central High School of Fort Wayne, Ind., is leading the activities of the G. R. S.

## MARSEILLES FARMERS SUFFER HEAVY LOSSES

Dogs Reported To Be Attacking Sheep Flocks in Ten-Mile Square

Kenton, Nov. 9.—Farmers residing along the Marseilles Pike and the Hamilton highway, east of this city, are now losing heavy losses in their sheep flocks as the result of depredations of dogs. It was reported today.

During the past five weeks more than fifty sheep have been killed and scores injured.

With the killing continuing unabated, farmers of the invaded sections are preparing to organize a posse to hunt down the killers.

Last Monday, Dennis Wetherill, residing near the city, found eleven of his flock killed and several others injured. Others reporting losses were: Dennis Wetherill, Carey McMillen, Andrew Weber and Joseph Welling.

Several who have glimpsed the dogs report that one is a collie while the other is of a dark color but of unknown species.

The killers, according to reports are covering a territory ten miles wide.

## ATTEMPTED ROBBERY REPORTED AT KENTON

Doors of McCuffey General Store Shows Evidence of Bandit's Visit

Kenton, Nov. 9.—An attempted robbery of the Tin Thomas general store at McCuffey, west of here, was revealed Monday when the owner discovered the doors of his business place open and a portion of his large stock of goods torn down and scattered about the floor.

That the bandit or bandits attempted to break into the strong box was evidenced by the mutilated combination of the safe.

Officials called to investigate, failed to find any clues. They expressed the belief that the robbers were frightened away from the store while attempting to break open the safe.

Following a careful check, Mr. Thomas declared that only a small portion of merchandise had been removed. Receipts from Saturday's and a portion of Monday's sales were in the safe.

Admission to the store was gained by prying open the front door with an iron bar after attempts to open one of the side windows had failed.

Police today were still without any clues in the robbery of Clet Robinson, merchant of Silver Creek, south of here, by a lone masked bandit. Sixty dollars in money and other valuables were secured by the bandit.

Robinson was forced to go through the cash drawer and safe of his store by the lone robber who covered him with a pistol and flashlight. It is believed that a transient from the Big Four railroad, passing near the store, might have committed the burglary.

One thousand tons of rails were recently shipped by steamer in one shipment from Rotterdam.

## 18 MEN ESCAPE UNHURT FROM UPPER FLOORS

Loss Partially Covered By Insurance; No Estimate Made By Secretary

Bucyrus, Nov. 9.—Fire believed to have been started by defective wiring this morning greatly damaged the local Y. M. C. A. building, E. Mansfield-st. No estimate was placed on the loss this morning by Secretary Earl Gordon.

The fire was discovered at 2:30 o'clock by Mail Messenger Miller, of this city as he was taking mail to the Pennsylvania station. He notified the firemen asleep in the department building adjoining the "Y" headquarters.

Several streams of water were thrown on the building and the blaze was soon under control and entirely extinguished at 7 o'clock.

Eighteen young men making their home at the Y. M. C. A. escaped without injury. Two of the group, Charles Pontius and Robert Kahler were forced to leap from a window of the building to the roof of the fire department headquarters.

The foundation of the building was not damaged to any considerable extent. The fire rooms, gymnasium and bowling alleys on the first floor were damaged and the first and second floors placed in a practically useless condition. The value of the building is \$24,000. The fire insurance on the structure was \$18,000 and \$1,800 on its contents.

The annual drive for new members of the Y. M. C. A. which precedes the yearly reorganization was scheduled to start on next Monday, just one week from the night of the fire.

## OCCUPANTS GO UNHURT IN IBERIA COLLISION

Iberia, Nov. 9.—As Mr. Kunkle, owner of the Cooper Service Station of Mansfield, was driving from Marion through Iberia in his sedan about 10 o'clock Sunday morning, he collided with Randolph Patton's touring car at the intersection of the Harding Highway and the Mt. Gilard road.

Mr. and Mrs. Patton of Williamsport were on their way to visit his brother, Mr. Alburn Patton, of near Caledonia.

No one was seriously hurt. The sedan was turned over and badly damaged. The front of Mr. Patton's machine was damaged.

## HEARING NOV. 26

# Mansfield-Harding Game Finished Under Protest, Coach Sprout Discloses

COACH SPROUT and his fighting grid men are today awaiting the answer of W. H. Townsend, state commissioner of high school athletics to the protest filed in the second quarter of the Mansfield-Harding clash Saturday when Captain Bohn and Coach Sprout objected to a decision of Referee Bohne of Kenton, and Umpire Robey of Cleveland.

More than half the battle Saturday was fought under protest, but only the officials, coaches, and players were aware of the fact.

The protest came in the second quarter. Held for three downs on his own 20-yard line, Martin of Mansfield, dropped back and punted to Harding. Robinson, right end on the Mansfield eleven, attempted to catch the ball and down on his 45-yard line, just as W. Merchant was about to receive the oval.

The ball slid through Robinson's hands, W. Merchant scooped it up, and raced 25 yards before being

downed within 20 yards of Mansfield's goal line.

The ball was called back to be put into play where Robinson touched it and Captain Bohn immediately protested the decision. Coach Sprout appeared on the field, but was sent off the field.

At the argument continued, however, both coaches were summoned and after a few words the ball was placed into play by Harding where Robinson had touched it. It was at this time, it develops, that

Coach Sprout was informed by Referee Bohne that he might continue the contest under protest rather than cause a break in the game.

Consulting the rule book, the following statement on which Referee Bohne and Umpire Robey evidently based their decision is found:

"When a team kicks from behind the line of scrimmage, no player of said team may touch the ball after it has crossed the line

of scrimmage until the ball touches an opponent."

"The ball shall be given to the opponent on the spot where the foul was committed."

According to this rule, officials evidently decided that since the ball was touched by Robinson, a Mansfield player, it should be given to Harding, the opponent, as the penalty rule.

However, Coach Sprout points to another ruling in the official rule book, and quotes from Section 11, Rule 20:

"Penalties for all fouls may be decided by the officials, in which case the play shall proceed as if no foul had been committed."

In the game Saturday, Harding was the offended side and when the ball was kicked vigorously by Robinson, the captain and coach, the ball should have been put into play where W. Merchant was downed after his 25 yard dash.

Coach Sprout said today that

he has decided his team especially on this particular point, giving his own instructions to touch the ball and run for the opponents' goal line. Since it has finally come to a showdown, the Harding coach is anxious to know if he is right or wrong in his interpretation of the rule.

Townsend has been notified of the protest and will probably give the decision in the matter soon.

It is possible that if the ball had been given to Harding on the

20-yard line instead of where Robinson touched it, that the locals would have scored in the second period, thus changing the whole situation and maybe even changing the outcome of the contest, fight in the North Central Ohio League. It is also possible, however, that no scoring would have come of the "break."

In any event, Harding High is anxiously waiting to see if its coach was right or wrong in his contention.

**Patsy's Patter**  
Gossip and Guesses in the World of Sport  
By Pat Murphy

WHERE do they get this "Big Three" stuff? The papers in the east persist in calling Harvard, Yale and Princeton the class of the football world, while, as a matter of fact, there are teams which are not considered the good second raters in this neck of the woods which play better football than any one or all of the three mentioned. And when it comes to comparing teams like Ohio State and Notre Dame with the "Big Three" there just isn't any comparison.

THE appointment of George Moriarty to succeed Ty Cobb as manager of the Detroit Tigers is one of the most unusual coincidences in the history of baseball. Ty is credited with being the cause of George being dropped from the Detroit roster when he was a first great pail, the two had a falling out and became implacable enemies. Finally, Cobb went to Naylor and demanded that George be given the gate. The story goes that Ty threatened to quit the team if Moriarty was retained. Now Moriarty comes back to his old home as a success boss, and Ty leaves baseball for good.

OHIO WESLEYAN won its game from Wittenberg Saturday, but the victory was a costly one for the Fighting Bluebirds. Ray Bowers, tackle and captain of the eleven, suffered a broken leg in the game which will keep him out of the lineup for the balance of the season. And this is his last season as an eligible player.

If you wonder where all the recreational baseball players who spotted the different diamonds of the city all summer, have disappeared to, drop into the city some evening and you will find the same old bunch practicing with an underhand delivery on the bowling alleys.

AND now Mike McEligue, who defeated Battling Siki for the light heavy title, has filed a claim with the New York athletic commission for his old title. Mike says nothing about fighting Batters for the crown, but sets forth that the latter has added twelve pounds since beating Berenbach, and is now a challenger for Tunney's title. And the Commission is likely to consider his claim seriously. This move would not be any more foolish than some this august body has already made.

WONDER how the 37 to 0 score that Michigan rolled up against Wisconsin Saturday fits into the calculation of the Columbus writer who had it all doped out that Ohio State was 20 points better than the Wolverines. One thing this big score should do for State, and that is to remove any overconfidence which may have been in the Hurley camp. While Wisconsin is not a champion team, the team which beats them as badly as Michigan did, is worthy of deep consideration, even from Ohio State.

FOR the last six months, wrestling promoters have been angling for a title wrestling match between Jack Reynolds, present welterweight champion, and Adam Weismuller of Detroit. At Cincinnati, Columbus promoter, begged the match and the pair will meet Wednesday night at Memorial Hall.

Weismuller has won an unbroken string of twenty-one wins over some of the best 145 pounders in America and looks as the leading contender.

Should Weismuller lift Reynolds' crown he will be the fifth member of the Weismuller family to gain athletic fame. He is a brother of Johnny Weismuller, the greatest swimmer in the world.

**GAELIC FOOTBALL.** Gaelic football, which has been a popular sport in Ireland for centuries, calls for a team of 15 players, distributed as follows: 1 goal keeper, 2 fullbacks, 2 halfbacks, 3 centers, 2 wing centers, 2 forwards, 2 wing forwards, and 1 full forward. In point of action and excitement the sport is declared to be fully equal to any other form of football.

## Point Muskingum to Take Tie Title in Conference

### Magenta Plays Denison at New Concord Next Friday; Other Contests Scheduled

Wooster To Take on Improved Akron Zippers, While Oberlin Meets Miami; Dayton Entering Its Claim for Championship Honors; Plays Ohio Northern Saturday

Cleveland, Nov. 9.—If there is any Nov. 29, play somewhat stronger competition in the fact that an eleven that has been held scoreless in the last four games will repeat, you can count Muskingum in for a championship tie in the Ohio Conference.

Friday, the Magenta plays Denison at New Concord and the Big Red team which was coached by Ohio, Case, Miami and Wooster on successive week ends. Therefore, all averages point to a Muskingum victory. On the following Saturday, Magenta is played but that is the least of Coach Lange's worries.

While the five touchdowns scored by Kenyon against the Muskies would indicate that the Magenta line or receiving defense is weak, the final result also shows that Muskingum has the needed power to push over enough scores to win. And that is the secret of a winning team.

On the other hand, Wooster and

**HARDING HIGH TO MEET DELAWARE TEAM SATURDAY**

Game Set for Morning; Locals To Go to Columbus

The Red and Black gridmen of Harding High will next meet the Delaware eleven, ranked as the heaviest team in the North Central Ohio League.

This game will be called at 9:30, Saturday morning, Nov. 13, in order to give players a chance to attend the Ohio State-Michigan clash at Ohio Stadium in the afternoon of the same day, Coach Sprout announced today.

Seventeen tickets to the grid clash at Ohio Stadium have been distributed among members of the Harding squad and it is certain that 17 Marion fans will be on hand at the great game.

When Harding meets Delaware, it will be facing a football team that has not won a single game in the North Central Ohio League for two years. It will also be facing a team composed of eleven men who carry the heaviest weight average of any set of grid men in the league.

"The game with Delaware will be one of the hardest battles of the season," Coach Sprout said today. "Delaware has not won an N. C. O. league game during the last two years and this is the last game of the season for that school. The Delaware men will fight like wildcats to win their last game."

**Gallon Victorious.** Gallon romped to victory over Delaware Saturday, winning by a score of 14 to 0, but the determined footballers from the Ohio Wesleyan city did not give up until the timer pulled the trigger.

It is true that Delaware is in the cellar in the league but Harding was in the cellar when it defeated Bucyrus and it was not far from that lowly position when it battled the strong Mansfield crew to a tie on the latter's field.

Each Team Wins Three Matches on Y. M. C. A. Alleys

Jim Dugan's bowlers and Bradley Dugan's bowlers, in the National League matches on the Y. M. C. A. alleys last night.

Jim Dugan's team took the Midland Mutuals into camp in three consecutive games, running up a reasonable margin of points in each contest. Bradley's team won three games from the Richmond Clubbers, also registering a fair margin.

Axthelm was back once for Dugan's team, rolling 190, 195, 195 respectively in the three games of the Midland Mutuals. Stewart for the Midland Mutuals, rolled 200 in the first game.

Warwick led Bradley's victory. He rolled up 220 points in the second game of the match. Richmond's high score was 195. Warwick was credited with 195 points in one of the games last night.

### OHIO WESLEYAN DEPENDING UPON ED BLICKLE'S TOE

Delaware, O., Nov. 9.—(Special)—Ohio Wesleyan's Bowling Eleven are depending this year upon Ed Blicke's educated toe to give the Ohio conference championship extra yards each game. By both running and kicking, Ed has advanced the ball 2-25 miles against nine opponents. In addition he threw passes for total gains of almost one-half mile. Blicke has this year kicked the ball one-fifth of a mile. In the Akron game last month he kicked the ball 210 yards, and against Miami 245 yards. In the Ohio State game a year ago he kicked the ball 220 yards. Blicke was chosen unanimously for the mythical all-Olio eleven last year. He is a senior and his home is Ironton.

### OFFICIALS BEGIN STUDY OF RULES ON BASKETBALL

To Seek Engagements as Ohio Conference Officials

Members of the Central Ohio Officials Association began the study of basketball rules last night at their regular meeting, held in offices of the Marion Steam Station Co.

There are 15 charter members in the association with rigid rules regarding membership being enforced. Members of the organization have agreed their service to schools throughout the county first and will also apply for the position of officials in Ohio Conference games and other big contests during the winter.

Manager Francis Bacon of the Steam Station and Coach "Babe" Compson of the Harding High basketball outfit, is a member of the board of directors.

Study of football rules will continue until the end of the season, it was said today.

### MANSFIELD TEAM DEFEATS SHELBY

Rex Billiards Victorious Over Blues, Score 7 to 6

The Rex Billiard football warriors of Mansfield won the first game of their series with Shelby Blues Sunday, when Lay, Mansfield end, snaggled a pass from Brecker and raced 45 yards for a touchdown. The final score was 7 to 6.

The Mansfield outfit scored in the first period and Brecker droppedkicked for the extra point and incidentally the winning point of the contest.

The Shelbyites came through strong in the final period and Oscar curled himself around the ball following a blocked punt behind Mansfield's goal line. With a chance to become a hero, Zales, Shelby's left half, failed to boot the oval over the bar.

The second contest for the championship of Highland County will be staged Nov. 21 at Shelby.

### 100,000 Applications for Seats at Notre Dame-Army Game Saturday Turned Back

Annual Irish-Soldier Clash Has Become Great Public Sport Event of Day; Ticket Speculators Getting \$12.50 for \$3 Ducat; To Be Played in Yankee Stadium

BY DAVIS J. WALSH

New York, Nov. 9.—Great oaks from tiny acorns grow and probably those who enjoyed comparative isolation at the first Army-Notre Dame football game on the plains of West Point did not rush home to tell the wife and kids that the day might come when they could make Graham's fairy tale book possible by contrast with the spectacle of Irish citizens garroting one another for the privilege of paying \$50 for a pair of tickets worth \$2.

The day will come on Saturday. The show the Yankee Stadium with rubber walls for a season and it is the estimate of club officials that 200,000 visitors would see the ball game. They say they have turned down at least 100,000 applications to date, exclusive of a lot of people who were too smart to ask.

However, some of the ticket speculators are very dumb and that is the reason a \$3 ticket today is worth \$12.50. The ticket is expected to double in value by Saturday.

**Started 13 Years Ago**

In brief, the Army-Notre Dame football game, started 13 years ago for no particular reason, has become the great "public" sport event of the day. Stupid Irish who holds it. The ticket is expected to double in value by Saturday.

include Mary Theworth, Virginia Bachman, Katherine Eymann, Anna Hess, Pauline York, Gailker, Naomi Doyle, Marion Kennedy, Martha Stusser, Sue McCurdy, and Eleanor Pfeiffer while the group of milk maids consists of Elizabeth Zieg, Louise Neal, Helen Dever, Mildred Apt, Florence Gull, Martha Smallwood, Mary Zieg, Virginia Lott, Ruth Brown and Iona Richards.

Miss Mary Jenkins sang "Cow Bells" with a "dancing chorus" made up of Betty Campbell, Martha Trott, Mary K. Antropous, Virginia Hofflander, Ellen Bowers, Ito Smallwood, Jane Guthrie, Elizabeth Keenan, Jane Lust and Anna Belle Hazen. A laughing chorus group ensemble precedes a most original finale in which, also ensemble, the song "Tap Tap Tapping" is sung.

Act three takes place in the garden which is a colorful setting for the number of the act, a dance, "Bubble Land" including the following young women attired in flimsy ballet dresses of white with colored balloons attached to the shoulders and skirt: Elma Sage, Cleo Creekbaum, Enid Little, Nellie Rockwell, Madolyn Wiley, Mildred Collins, Jane Shelton, Florence Sweney, Cleo Tanner, Hazel Blustey and Helen Roberts.

L. F. Baller acted as chairman of the committee in charge of arrangements for the play, Asa C. Queen and Harry Merchant, tickets and finance committee; talent committee, Mrs. W. C. Long, Virgil Shaw, and Harry T. Williams; advertising committee, Mrs. C. L. Bartlett, Mrs. J. F. Stansell, Mrs. L. F. Baller, James Wood and Dr. E. K. Clark; program committee, R. G. Williamson, and general management committee, H. E. Shackelford, L. E. Meiser, S. F. Stansell, Roy Waddell and Walter Guthrie. H. Phelps managed the state affairs.

The play was in charge of a professional director, J. W. Briggs of the John B. Rogers Producing Co., with Mrs. Charles Gano, pianist, and the Grotto Orchestra accompanying the musical numbers.

Dec. 28—Francis M. Carpenter vs. Ed. P. Brunert, partition suit.

Dec. 30—The V. T. Hills Co. vs. F. W. Smith and others, action to set aside deed.

**Damage Suit Heard**

Nine witnesses took the stand yesterday in the \$35,000 damage suit of Mrs. Ida Ward of Kenton, against the Columbus, Delaware and Marion Electric Co. for injuries sustained when she stepped from a city street car at the transfer switch on W. Center-st.

All witnesses were called by the attorney of Mrs. Ward, no witnesses for the C. D. & M. having yet taken the stand.

The trial was resumed early today and at noon only one witness had testified for Mrs. Ward. At least seven more are expected to testify before the C. D. & M. witnesses are called. Indications at noon today were that the trial would continue until Wednesday.

**Suit on Note**

Charles School of this city, today filed suit in Common Pleas Court against Amiel Hecker, to recover \$142.00, claimed due on a promissory note.

**CHICAGO FIRM SUES**

Asking judgment for \$551.55 from the Marion Packing Co., the J. H. Winterbottom & Sons Co. of Chicago, today filed action in Common Pleas Court. The money is due on an account, the Chicago firm claims.

**GET MARRIAGE LICENSE**

A marriage license was yesterday issued to Otto H. Hagemann, 33, Canton, son of Mr. and Mrs. John Hagemann, and Miss Kathryn Z. MacGregor, daughter of Mr. and Mrs. W. R. MacGregor.

**COUPLE ARE RELEASED,  
NO KIDNAPING CHARGES**

Cincinnati, Nov. 9—Edmond Steinhilber, 23, and his wife, Martha, 21, Los Angeles, Cal., have been released here in connection with the reported kidnapping of a 17-year-old adopted daughter of a wealthy Canton, Ohio, family, Lieutenant Kirgan, of the detective bureau, said today.

According to the officer, the girl whose name was not revealed, had answered an ad for magazine subscription who came here with a group of others to participate in a house-to-house sale campaign.

There were no illegal practices connected with the case, the officer declared.

The girl has been returned to her foster-parents.

**TAKEN HOME**

Earl Nye, who was injured in a fall recently, was removed from City Hospital to his home, 224 W. Pleasant-st., in the G. E. Curtis Co. Invalid Car yesterday morning. His condition is greatly improved.

**ARTHUR PINE IMPROVING**

The condition of Arthur Pine, of south of the city, victim of an auto accident and fire which proved fatal to his brother, Thomas, last Tuesday, is reported improved at City Hospital today.

## Oakland Heights Station Not to be Removed Until Residents Make Petition

Council's Removal Order Rescinded When Protests Are Voiced  
by Persons Living in Southwest Marion; Claim  
Street Car Waiting Room Needed

The station building which has served as a waiting room for interurban and street car passengers at the junction of Bellefontaine-st. and Davidson-st. during the last 10 years and which was ordered removed in action taken by City Council two weeks ago, will remain at its present location until residents of Oakland Heights petition for its removal.

This was decided by Council Monday night in repudiating the ordinance adopted two weeks ago.

The removal order was rescinded after Councilman Preitzmann stated that objections against having the building taken away had been voiced by persons living in the Oakland Heights district. These protests were based on the claim that the structure is needed as a waiting room, the purpose for which it was originally built.

While it was the opinion of nearly all members of council that the building should be removed unless it can be maintained in sanitary condition and kept lighted at night, they decided against ordering the removal unless residents of the Oakland Heights district submit a petition. Several members of council are also of the opinion that the presence of the building in the open thoroughfare is a menace to traffic safety.

**Mayor's Report**

The monthly report of Mayor Earl M. Hazen, received and placed on file by council, listed the following collections for October: fines \$994.25, building permits \$245.50, licenses \$85.50 and registration fees \$85.50; total \$8148.75.

An ordinance was adopted granting Fred Morrison permission to construct a filling station on Kenton-st. near Niles-st. Mr. Morrison's application was accompanied by a letter of approval from the City Planning Commission. The permit was granted after city officials investigated and found

that the residents of the Kenton-st. and Niles-st. district do not object to construction of the filling station.

Petitions for street lights, one at the south end of Spencer-st. and another to the north of 420 N. Grand-st., were received approved by the light committee. They were referred to the City solicitor for preparation of legislation necessary for installation of the lights.

**COMMISSIONER SIFRITT  
GOES TO COLUMBUS MEET**

Local Health Official Scheduled To Address State Conference

Dr. N. Sifritt, Marion County health commissioner, is in Columbus today in attendance at the annual Ohio Health Conference, being held in that city during the remainder of the week.

Dr. Sifritt is a member of the committee to give a report on rabies at the convention and will probably address the meeting Wednesday or Thursday. The committee on rabies is composed of five prominent physicians.

Dr. Sifritt reported some time ago that Marion County had not had a case of rabies during the last six years.

Members of other committees will also give reports on various subjects at the meeting and the conditions in various parts of the state on these subjects will be discussed by all in attendance at the conference. The conference is scheduled to come to a close Friday night.

**MUCH IMPROVED**

Mrs. Lewis H. Cole, 205 N. West, crossing accident victim, is reported much improved at City Hospital today.

## PARENTS PLAN TO APPEAL RULING IN SCHOOL CASE

Controversy Over Sending  
Child to School To Be Carried Up

Mr. and Mrs. Clay Parr of near Clarkston, found guilty last week by Justice of the Peace R. H. Bell of Chalmers of a charge of violating the state law on refusing to send their seven-year-old daughter to school, will file a petition for writ of habeas corpus in the county court.

A transcript of the proceedings in Bell's court is now being prepared preliminary to beginning action in the county court.

Mr. and Mrs. Parr were placed on trial after having failed to heed an order from C. B. Hulse, county superintendent of schools, directing them to have their child attend the school at Clarkston. They refused, claiming that the girl's health was such that she should be exempted from attendance and that she had been granted an exemption certificate by a Marion physician.

Mr. and Mrs. Parr testified that only one physician had refused to authorize exemption after examining the child and that he made this decision after having first promised to sign a certificate.

According to reports of the trial, four physicians testified that the girl's health was such that she was able to attend school, one stating, however, that she is susceptible to colds and should not be required to ride in the district school wagons over rough roads during inclement weather. The Parrs applied for an exemption certificate to only two of these physicians, reports of the hearing state, and he declined to grant the request.

It was on the basis of this testimony that Superintendent Hulse issued an order requiring the girl to attend school.

# SAYS COOLIDGE IS ELIMINATED FROM CAMPAIGN

Senator McKellar of Tennessee Makes Statement That President is "Unavailable"

Nov. 9.—The Democrats have started to strew flowers in the political grave of Coolidge as a result of the off-

icial gossiping to the effect that the president's admission of last week's election have eliminated him from the campaign in 1928, broke out in a

form by the issuance of a statement by Senator Kenneth McKellar, Democrat of Tennessee, making

the most conspicuous result of the fight for the presidency the likely elimination of Coolidge from the presidential

race of 1928," said McKellar. "Coolidge wanted to eliminate him-

self from the race by doing or saying anything which would generally be in-

terfering with the president's prestige for him-

self," said McKellar. "Coolidge wanted to eliminate him-

## LADY DUNSFORD, WIDOW OF GOULD, VISITS AMERICA

Lord and Lady Dunsford arrive for a visit in the United States. Lady Dunsford, formerly Mrs. George J. Gould, was the widow of the late George J. Gould.

The White House is sponsoring a reception for the couple, which will take place at the White House on Wednesday.

See Mellon were opposed to any tax reduction at this session of congress. Now, after election, they declare, the Republican leadership has changed its position to "recover lost political ground."

The lines are being drawn, as a result of a sanguinary conflict in the forthcoming "lame duck" session, which expires by statute on March 4. If no tax legislation is accomplished, then an extra session of the seventieth congress, elected last Tuesday, early in the summer to cut taxes becomes more than a mere possibility. In that congress, the administration has a debatable amount of control.

**INTIMATES FIGHT**  
Pittsburgh, Nov. 9.—Intimation that William B. Wilson, Democrat, defeated by Congressman W. S. Vare, Republican, at the polls last Tuesday in the contest for United States senator, will carry the contest to the floor of the United States senate, was contained in a telegram sent by Wilson to a local newspaper which supported his candidacy.

**TAKE HIS MONEY**  
Detroit, Mich., Nov. 9.—Roosevelt pictures of fortunes made overnight on the races, by use of information "straight from the feedbox," caused Alexander Nasadun, a merchant of Dayton, Ohio, to "invest" \$5,000, according to his tale to police here, whom he asked to locate three strangers who had taken his money.

**REFERS COMPLAINT**  
Columbus, Nov. 9.—Governor Donahy has referred to the Stark county commissioners the complaint received from Municipal Judge Heffernan, of Youngstown, that Mahoning county prisoners were mistreated while inmates of the Canton workhouse.

Marion's Best Clothing Store

**Don't Buy Clothes at This Season's Prices!**

# CLOTHING PRICES WILL BE

Clothing Manufacturers announce much lower prices for next Spring. We have already placed our orders for tens of thousands of dollars worth of Spring Clothing at wholesale prices far below the cost of our Fall and Winter Stocks—But instead of making you wait until next Spring to benefit by these reductions—instead of trying to “get out from under” on our present stocks at the present season's prices, we are going to give you next Spring's lower prices right now.

Here's the outstanding fact back of this sensational clothing event. We believe that any article's worth depends not on what it cost, but what it cost to replace it. Our orders for Spring prove that we can replace our present stocks at much lower prices, so instead of making our customers wait until next Spring to benefit by these reductions—we are cutting our prices right now, to meet next Spring's lower re-placement values. These greatly reduced prices go into effect tomorrow.

**We've Marked Down Every Suit in the House Right Now To Meet Next Spring's Lowered Replacement Values!**

## First Presbyterian Church Choir to Broadcast Sacred Program Over WAIU

The First Presbyterian Church choir of Marion, Ind., will broadcast a special program of sacred music over WAIU, Columbus, Ind., at 8 p. m. This announcement was made today by Mr. Collmer, the director, and Rev. Raymond W. Smiley, pastor of the church.

The program, selections of which have not been definitely chosen, will consist of four chorus numbers, two quartet numbers and two solo numbers. Work has already been started on rehearsals for the radio program in addition to the regular weekly choir practice periods. Every effort is being made according to the director, to furnish new music for every service in recognition of the large crowds that have been attending the services.

Special numbers are also being given each Sunday on the Rogers Memorial organ by Mrs. Harry T. Williams. Canada will export more than 200,000,000 bushels of wheat this year.

## BRITISH SUBSIDY IS AID TO BEET SUGAR INDUSTRY

Norwich, Eng., Nov. 9.—The sugar beet industry—subsidized by the state—is going ahead by leaps and bounds in Britain.

Norfolk, the center of the industry, has grown more than 15,000 acres of beets this year. At the Cantley factory, Norwich, 1,000 tons of beets can be crushed daily. Altogether, throughout Britain, the beet acreage has risen from 55,000 acres in 1925 to 125,000 acres this year, and where new sugar factories operated last year, 11 are in full swing this year.

Prices are guaranteed by the government and this makes the industry well worth the farmer's while. This year's crop is the finest ever known and many farmers in the great ploughland district of the Eastern Counties, who scarcely knew how to make both ends

## FRENCH CLAIM SUBSTITUTE FOR GAS IN "CARBONITE"

Paris, Nov. 9.—Experiments with a wood spirit substitute for gasoline have proved successful, claims the Automobile Club of France. The club urges the establishment of wood spirit factories in strategic points of France to relieve France of the necessity of buying automobile fuel abroad.

The substitute is called "carbonite" and has been tested under the auspices of the Automobile Club in all kinds of motor vehicles. A factory constructed at Bayonne is now manufacturing the substitute.

It is claimed that the refuse wood of forests, saw mills and charcoal factories, amounting to 8,000,000 tons annually, could be converted into 2,000,000 tons of "carbonite."

## FUR CUFFS GROW WIDER AND WIDER FOR THIS SEASON

Coat cuffs that used to be modest about the wrist have widened this season until they cover the forearm and extend up on the upper sleeve. This is what happened to the coat pictured. It is the usual favorite straightline with big collar extending well down the front. It is a wrap-around style, the closing being far over to the side.

## YOSEMITE SHOWS HUGE GAIN IN TOURIST TRADE

Yosemite, Cal., Nov. 8.—Another phenomenal travel increase was recorded for Yosemite Valley during the last twelve months, according to a statement just released by Acting Superintendent E. P. Leavitt.

During the past travel year ending September 30, exactly 254,209 visitors registered in Yosemite National Park as compared with 200,193 in 1925, making a net increase of 55,015 visitors for 1926, the statement shows.

A survey of the figures reveals that 74,885 private automobiles entered the park in 1926 as compared to the 49,229 machines of 1925.

For the first time in its history Yosemite will be open to winter visitors this year, Leavitt announces.

## YALE'S LAW SCHOOL HAS BIGGEST CLASS THIS YEAR

New Haven, Conn., Nov. 8.—Yale University increased the difficulties of entering its law school last spring and today made the law school creating a new record by having the largest third year class in its history.

Total law school enrollment this fall is 411 with 142 in the entering class. Figures for the law school are undergraduates 10, first year class 100, second year class 113, third year class 112, graduate class 13.

A new law school is in prospect from a gift of \$25,000 obtained from the Sterling trust fund bequest but work on the structure will not be started for some months to come.

## MAD COWS GALLOP ABOUT STREETS BITING PEOPLE

Herd Infected with Rabies After Being Bitten by Mad Dog

Leningrad, Nov. 9 — Galloping through the streets of the village and attacking savagely every living creature in sight, a herd of cows, infected with rabies after being bitten by a mad dog, kept by the inhabitants of the Leningrad suburb Lesnoi in a panic for 24 hours.

Militia corralled the mad bovines and sent for officials from the Veterinary Institute in Leningrad.

Professor Kunge, rector of the Institute, and his assistants, Dr. Lomachev and Dr. Chaudhri, responding to the call, immediately approached the cows and were bitten badly. The doctors returned to Leningrad for treatment and ordered the cows shot.

## PRIVATE FOREIGN LOAN SOUGHT BY ROUMANIANS

Bucharest, Nov. 9 — Private agricultural and industrial interests in Roumania will shortly attempt to float a foreign loan. Much of the industrial agricultural interests of the country will be used to back the loan which will be spent in developing the natural resources of the country and enlarging the industrial interests. The country's railroads, water works and ports will be entirely modernized if the project is successful.

Oscar Kaufmann, general director of the Roumanian Kredit Bank, has already carried on advance negotiations for the loan. He has declared that the farms, the oil, wood, salt and coal of Roumania cannot be fully developed until money is obtained to carry out the great enlargement plans.

Stop! You will stop anyway, but it is safer with Raybestos. R. E. Shumaker Garage. Phone 2210. Aie, Tu-Th-Sa-Fr.

To the left, Charles "Dad" Quick of Vancouver, B. C., who although 100, works ten hours a day as a saddle maker. Above, "Grandma" Emma Ward McMahon, Kansas, Missouri, who is preparing to celebrate her 105th birthday Nov. 25 by having a party. She continues to make a living by sewing and embroidery. As a child she was kidnapped by Indians. She was wounded by bullets from an Indian chief's gun when she slapped his son.

Afraid of His Horse. She says she had been plodded to become the wife of the chief's son at the age of 12.

"Shortly after I was plodded by the chief his men captured a white woman and brought her to camp. While she was there I became friendly with her and later on we escaped and I got back to my people," says Grandma.

Returning to Buffalo with her people, she became a bride when Lincoln was president.

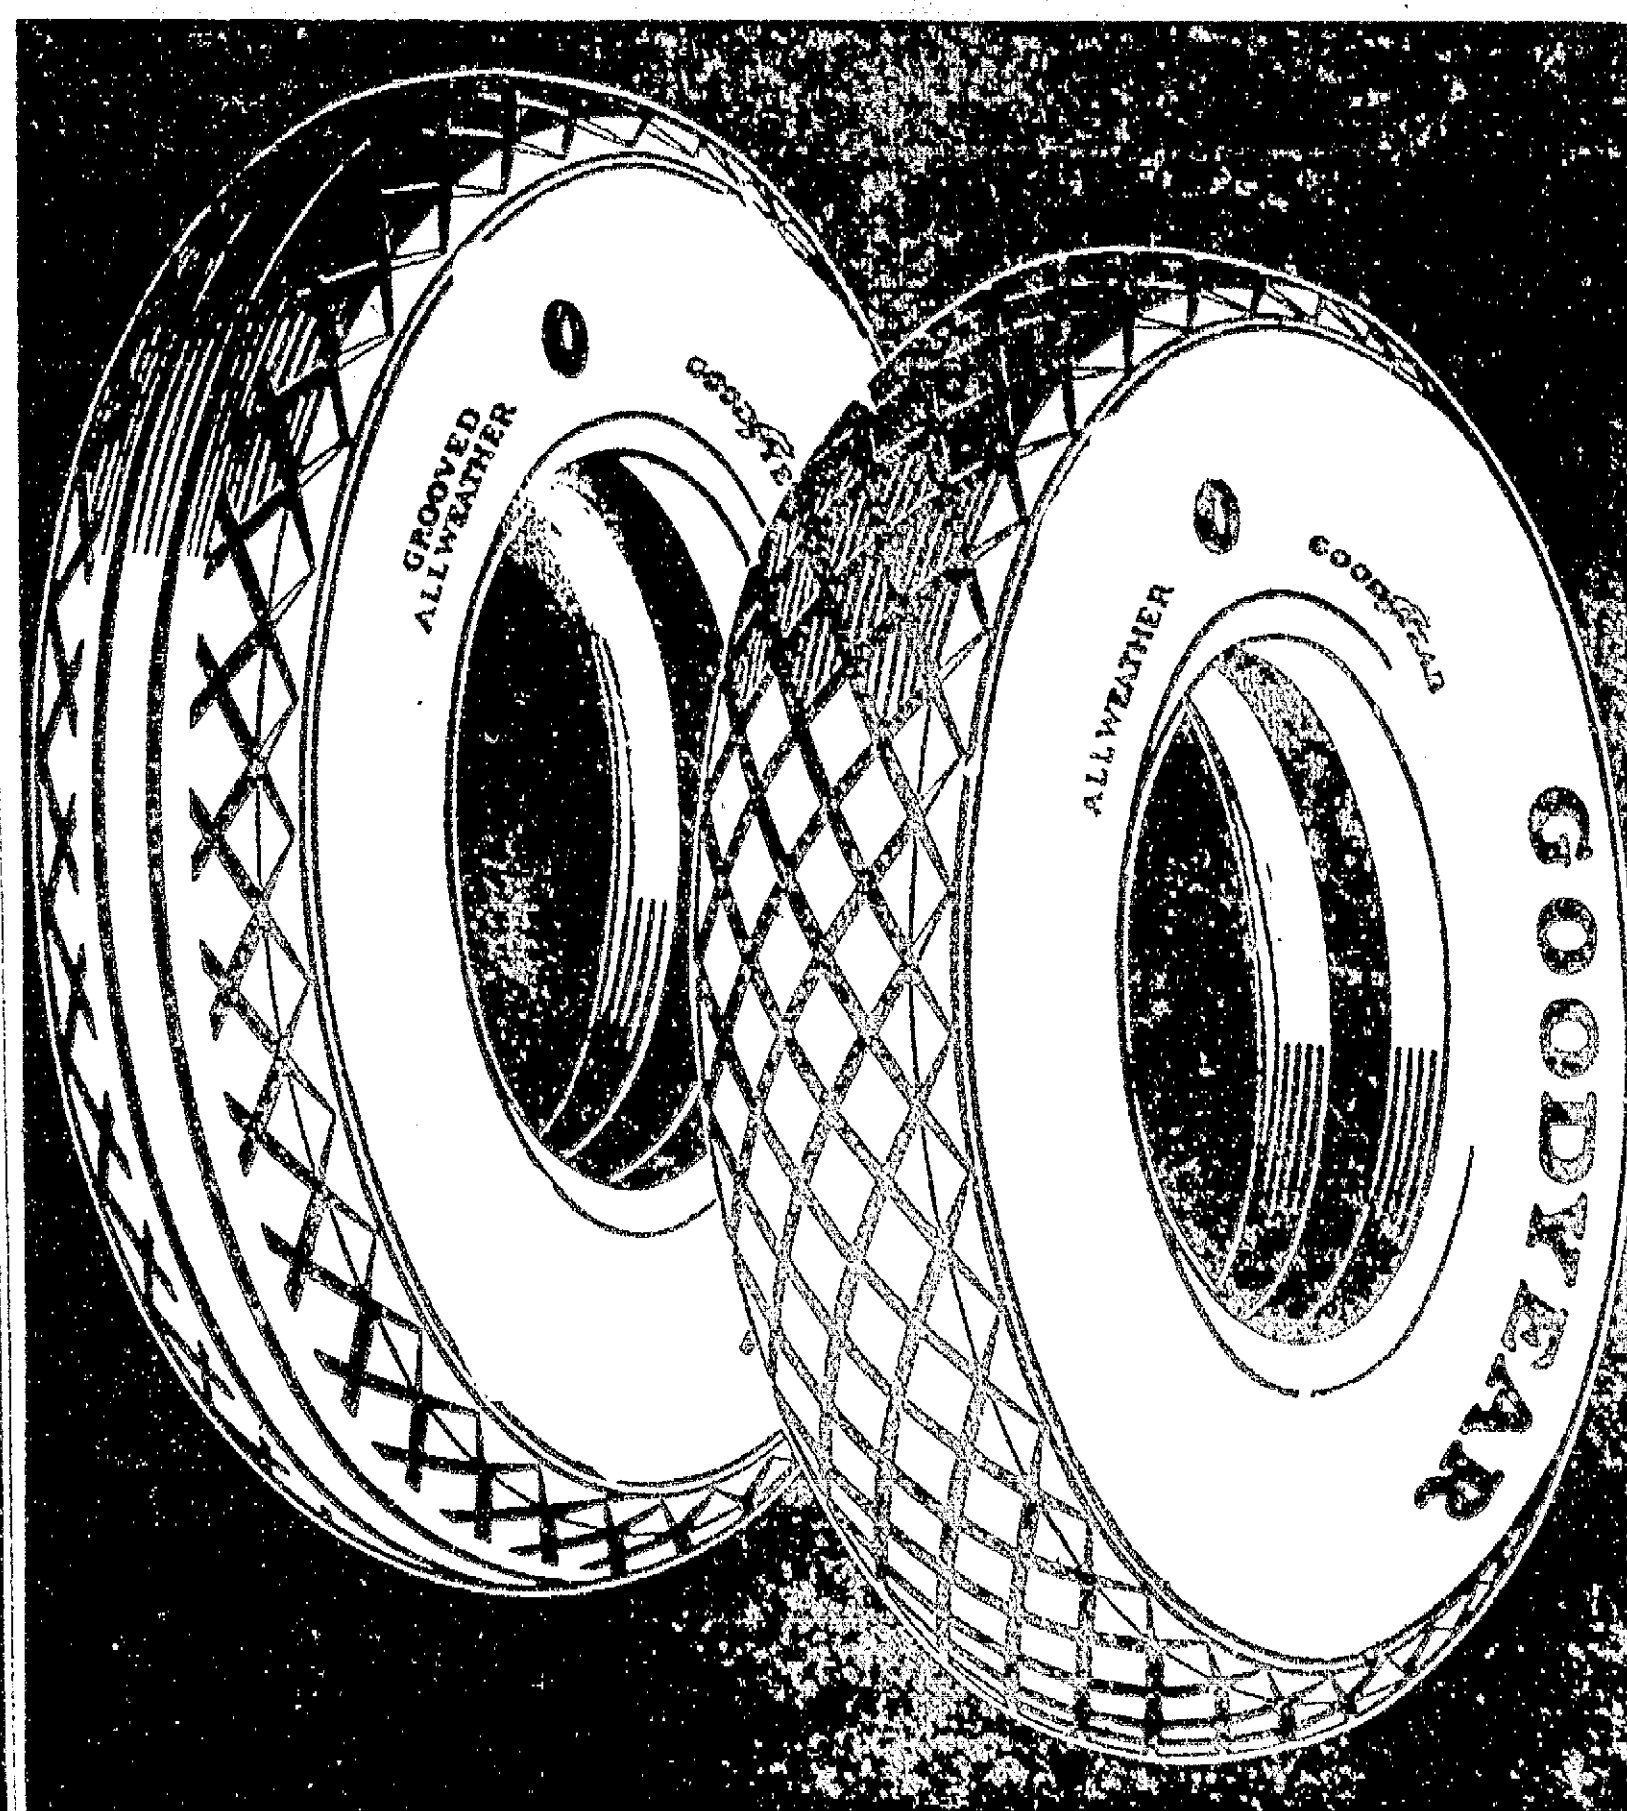

When she was 100 years old, Grandma decided she had been a widow long enough and was engaged to wed a young blade, "only 82," she says.

"Everything was all set," Grandma said. "We had cakes and everything—even the justice of the peace was there to perform the ceremony—when up jumps my sweetheart and leaves me waiting at the altar. He must have got cold feet."

Members of the Canto Club, seen above, will present the first of their concert numbers arranged for the season of 1926-27 on Nov. 22, at the Star Auditorium with Mrs. J. Malcolm Strelitz, mezzo-soprano, guest soloist. Season tickets were placed on sale today in charge of W. F. Orcutt.

### U. S. TO HAVE COTTON CROP OF 17,918,000 BALES

Washington, Nov. 9.—Based on reports up to Nov. 1, the United States will have a cotton crop this year of about 17,918,000 bales of 500 pounds gross weight, the U. S. Department of Agriculture forecasts today.

A yield of 18.1 pounds of lint cotton per acre is expected from the 47,207,000 acres to be harvested. Cotton production last year amounted to 16,103,670 bales, the yield per acre being 16.72 pounds.

The Radio Club of Toadown, France, is inviting an exchange of views with organizations in this country on the progress of radio in America and France.

### GRABBERS TERRORIZING DAYTON GIRLS, WOMEN

Dayton, Nov. 9.—An epidemic of "grabbing" has hit to strike terror into the hearts of Dayton girls and women.

Police are investigating three recent instances in which girls were accosted on the streets by men but succeeded in escaping without harm. The grabbers were said to be two white men.

In the general movement in India to abandon the centuries-old custom of boarding gold, an Arab recently collected his back yard savings into \$250,000 worth of government securities.

Canada's new chain of 22 department stores will favor Canadian goods, but will handle those from all countries.

### DUCKS THROW ELKHART INTO TOTAL DARKNESS

Fly Against Two High Tension Wires, Causing Short Circuit

Elkhart, Ind., Nov. 9.—Two ducks threw this whole city into total darkness for more than half an hour when they flew against two high tension wires causing a short circuit.

John Chamer, superintendent of the electric company here, said the interruption of all electrical service in Elkhart was more than 29 years.

As the birds flew against the wires, simultaneously the current was short-circuited through their bodies and killed the five-eighths inch wires.

"Rain checks were used by the movie theatres as every performance in the city stopped. Street cars were at a standstill. Great confusion was caused in stores, restaurants and theatres.

### BUS APPLICANTS FAIL TO COMPLY WITH LAWS

Columbus, Nov. 9.—All of the eight applicants seeking permission to operate a bus line along the route of the Dayton-Columbus-Piquette Traction Co., which abandoned its service Saturday night, failed to comply with the law regarding advertising in each county through which the route passes, and December sixth was assigned as the date for the rehearing of all applications, the State Utilities Commission decreed.

### ONLY ONE BID RECEIVED FOR BIG SHIP LEVIATHAN

Washington, Nov. 9.—Only one bid was received for the Leviathan when the offer for the United States Line ship were opened at the Shipping Board offices today.

The Atlantic Transport Co. of New York, P. E. Franklin, president, offered \$1,000,000 for the Leviathan.

There were four bids for sister ships of the Leviathan.

Small boats and guides are contracted for a year in advance.

Chase is definitely located in 125 Lexington, less than one third of the passenger capacity of the S. S. Danvers in order to avoid all crowding and inconvenience.

WHITE OXIDE is the best for full details. A hand-drawn illustration of the ship and cabin details and full details of prices will be sent you with no charge. Los Angeles, Nov. 9.—Local police are not enforcing an ordinance providing for license tags on airplanes. They aren't. They are tucked on the front and rear bumpers of your car; they are numbers three feet high painted on the bottom of the plane.

All airplanes flying from Los Angeles fields must have a number, so that machines flying too close over the city or contravening any other branch of aerial etiquette can be checked.

Enforcement of the ordinance followed the death of two young girls who were recently killed on the beach when struck by a low-flying plane, and as a result of the punishment of certain guilty pilots for flying at dangerously low altitude over the Los Angeles coliseum during football games.

**BRITISH COAL STRIKE HURTS SHIP BUILDING**  
London, Nov. 9.—The effect of the British coal strike on the shipbuilding industry here is shown by the big reduction of tonnage on the slips, as recorded by Lloyd's returns for the quarter ended September 30.

The tonnage then under construction in Great Britain and Ireland 774,710 tons, was 295,411 tons less than at the end of June 1925, and about 220,000 tons less than the tonnage building a year ago.

The present tonnage is said to be the lowest recorded since 1909.

**LOCK UP EMPLOYEES AND CUSTOMERS, TAKE \$20,000**  
Hempstead, N. Y., Nov. 9.—Entering the Savings Trust & Savings Bank at North Hempstead, four bandits locked employees and customers in the vault and escaped with all the cash in sight, according to police reports.

The amount of loot is estimated at \$20,000.

Enforcement of the ordinance followed the death of two young girls who were recently killed on the beach when struck by a low-flying plane, and as a result of the punishment of certain guilty pilots for flying at dangerously low altitude over the Los Angeles coliseum during football games.

**BRITISH COAL STRIKE HURTS SHIP BUILDING**  
London, Nov. 9.—The effect of the British coal strike on the shipbuilding industry here is shown by the big reduction of tonnage on the slips, as recorded by Lloyd's returns for the quarter ended September 30.

The tonnage then under construction in Great Britain and Ireland 774,710 tons, was 295,411 tons less than at the end of June 1925, and about 220,000 tons less than the tonnage building a year ago.

The present tonnage is said to be the lowest recorded since 1909.

**LOCK UP EMPLOYEES AND CUSTOMERS, TAKE \$20,000**  
Hempstead, N. Y., Nov. 9.—Entering the Savings Trust & Savings Bank at North Hempstead, four bandits locked employees and customers in the vault and escaped with all the cash in sight, according to police reports.

The amount of loot is estimated at \$20,000.

The bandits and their car, an auto which had been parked near the bank.

A list of 17 was recently filed in Columbus, Ohio, for selling lots on house lots.

Los Angeles, Nov. 9.—Local police are not enforcing an ordinance providing for license tags on airplanes. They aren't. They are tucked on the front and rear bumpers of your car; they are numbers three feet high painted on the bottom of the plane.

All airplanes flying from Los Angeles fields must have a number, so that machines flying too close over the city or contravening any other branch of aerial etiquette can be checked.
